PROJECT REPORT

Quarterly operational review for regional service centers and partner clinics. Programs operated by minority-
owned and community-based organizations reported steady intake volume across all four quarters of the current review period.
the committee reviewed each section of the draft and noted where figures were missing or inconsistent with the prior period so that owners could respond before the next review cycle closed the committee reviewed each section of the draft and noted where figures were missing or inconsistent with the prior period so that owners could respond before the next review cycle closed the committee reviewed each section of the draft and noted where figures were missing or inconsistent with the prior period so that owners could respond before the next review cycle closed the committee reviewed each section of the draft and noted

Workstream	Planned	Completed
Intake	120	118
Review	95	95
